

Flight Operations Officers / Flight Dispatchers

ASISTIM based in Hanover and Hamburg, Germany is a service provider in the area of commercial airline operations and a member of the Softship affiliate group, a leading global player in providing IT solutions to the cargo shipping business and the airline industry. ASISTIM targets small to mid sized airlines with a focus on providing these with flight planning systems, navigational back office support, and/or full flight dispatch services.

We require dynamic and experienced flight dispatchers for the launch of our Airline Operation Centre in Hanover in early 2008.

Job profile:

- Perform flight dispatch and navigations support duties according to safety and operational standards as set out in relevant documents of aviation authorities and or customers operations manuals.
- Calculation of operational flight plans according regulatory requirements such as JAR, CAA, ICAO, etc. or as stated in the operational manuals and procedure notes of our customer airlines.
- Filing of ATC flight plans and coordination of ATC-Slots with Eurocontrol, including amendments to flight plan routes and flight profiles to match operational requirements and on-time performance targets of each individual airline.
- Close communication with flight crews, ground handling agents, airports authorities, ATC units, and Eurocontrol.

Your profile:

- Minimum of 2 years experience as a flight dispatcher or operations controller.
- Must hold a valid flight dispatch licence. FAA, LBA, ICAO.
- Perfect command of the English language.
- Social competence, strong communication skills, team player.
- Must be able to work shifts.
