

## Ground Instructor

ASISTIM based in Hanover and Hamburg, Germany is a service provider in the area of commercial airline operations and a member of the Softship affiliate group, a leading global player in providing IT solutions to the cargo shipping business and the airline industry. ASISTIMs targets small to mid sized airlines with a focus on providing these with flight planning systems, navigational back office support, and/or full flight dispatch services, as well as certified trainings for flight dispatchers and other operational personnel

We are seeking for a dynamic and experienced ground instructor on freelance basis who has substantial knowledge of airline operations, with a focus on all relative subjects of flight dispatch, in order to take over teaching responsibilities in our Training Academy in Hanover.

### Job profile:

- Co-ordinate training lessons and provide expert advice to our students.
- Develop the required training presentations according to JAR OPS 1, ICAO, and airline specific operations standards to meet IOSA requirements.
- Organize required training sessions
- Assessment guidance for training matters in accordance with the requirements of the various regulatory bodies and provide development support to the training department.
- Must keep himself current by working a minimum number of shifts in the flight dispatch center or in a respective field of the aviation business.

### Your profile:

- Minimum of 5 years experience in flight dispatch or other relevant occupational areas.
- Minimum of 3 years experience in teaching relative subjects
- Proficiency in MS office and Powerpoint.
- Preferably holds a valid flight dispatch license FAA, LBA, ICAO.
- Perfect command of the English language.
- Social competence; Strong communication skills, team player.
