### 1 Day Course (10 hrs)

As scheduling is considered a key factor in commercial airline operations, it is mandatory that staff that is in charge of coordination and scheduling has precise knowledge of procedures and coherences.

ASISTIM offers a detailed initial training based on the IATA World Scheduling Guidelines and a compact preparation for the summer season scheduling coordination conference.

### Training Materials

The costs of the training materials are included in the tuition fee. Materials used during the course stay with the students as reference documents for them to take home or keep at work.

### Course Targets

Successful completion of this course will allow the participant to follow the entire Slot Coordination process.

Our training will illustrate how to set up a schedule and which special features have to be considered.

### Certificate

All students earn a certificate after completion of the course and passing the exam by more than 80%. The certificate confirms that the recipient has successfully completed the attended courses and also displays the training content as well as the total classroom hours.
