## **Course Goal**

This intensive course will give performance engineers, pilots or flight dispatchers a deep insight into special performance situations.

## **Course Background**

This course provides detailed examples with practical interaction between the instructor and students. As computer based performance calculations often not reveal the true challenges of aircraft performance, this course gives you an intensive training in determining aircraft performance from the OM Part B. In addition dispatcher, pilots and engineers will be confronted with special scenarios (e.g.: Special Airports, Departures, MA, steep turn) that challenges their knowledge.

## **Tuition fees**

The tuition fee for this course is **420,-EUR** excluding tax. After completing the application form, you will receive a confirmation as well as an invoice. Payment is due upon receipt. Cancellation 30 days or less prior course begin shall entitle ASISTIM GmbH to charge 50 % of the tuition fee. Cancellation 14 days or less shall entitle ASISTIM GmbH to charge the full tuition fee.

## **Certificate**

All students earn a certificate after completion of the course and passing the exam by more than 80%.

The certificate confirms that the recipient has successfully completed the attended courses and also displays the training content as well as the total classroom hours.

## **Accommodation**

We hold a limited number of hotel rooms at special conditions for our course participants. In case you need accommodation, please contact our Training Department as early as possible.
